

User Manual Fireplace Grill

Thank you for purchasing the Fireplace Grill. This product is designed and constructed to give you years of reliable service if used properly and kept adequately maintained. Please read over the material below before assembling or using the product.

List of parts

- 1 Grill grate with attached handle
- 2 Straight posts, one with pointed end, one with squared end
- 1 Offset post with pointed end
- 1 Angled base piece

Note: if you do not have all of the parts listed above, please contact our service department immediately.

Assembly & Usage

The Fireplace Grill assembles easily and without need for tools or hardware according to the picture at the right.

Note: while in use, any part may get too hot to touch without a special glove or heat pad.

Below are examples of the Fireplace Grill fully assembled and a typical setup in the fireplace.
